

Rock Band is available for two age groups, 9-12 or 13-19!  
Please check carefully for which information applies to you.

Teenagers in this group form a unique rock band based on their interests, and the instructor provides musical mentorship and production guidance in all aspects of being a band. Weekly sessions cover relevant theoretical and technical concepts designed to push the student's musicianship envelope. Repertoire consists of both covers and original compositions. The band will perform at least twice in the year, and there will be opportunities for both audio and video recording as well as social media promotion.

Students should have at least 1 year of experience in their chosen roles, and an audition with the instructor is recommended for each entrant.

Ages 13-19

\$79.00 / Month without Private Lessons

\$159 / Month Private Lessons & Band Factory Combo Price

\$49 / Materials
